Errata to: "On distinguishing local finite rings from finite rings only by counting elements and zero divisors"

Published 05 March 2014

Marcos J. González

Departamento de Matemáticas, Universidad Simón Bolívar, Caracas 1080-A, Venezuela

- On page 109, Prof. Mahmood Behboodi has kindly pointed out to the author the following innacuracies:

  - Abstract, line 3: the inequality '$1 \leq m < n$' should read '$0 \leq m < n$'.
  - Theorem 1, line 2, the inequality '$1 \leq m < n$' should read '$0 \leq m < n$'.
  - Theorem 1, line 2, the inequality '$1 \leq m < n$' should read '$0 \leq m < n$'.

- On page 113, reference [2]: the word "Annale" should read "Annalen".
